July 15, 1957

Forest Oil Corporation
1610 Denver Club Building
Denver, Colorado

Gentlemen:

This is to acknowledge receipt of your notice of intention to drill Well No. Forest et al Gov't 1, which is to be located 2970 feet from the south line and 990 feet from the east line of Section 1, Township 36 South, Range 4 $\frac{1}{2}$ West, SE $\frac{1}{4}$, Garfield County, Utah.

The proposed location of this well does not comply with Rule C-3(b), General Rules and Regulations and Rules of Practice and Procedure, of the Oil and Gas Conservation Commission, State of Utah; nor has information been furnished for an unorthodox location as required by Rule C-3(c), of said rules and regulations.

Therefore, before approval can be given for the drilling location of this well, it will be necessary for you to file a new notice of intention to drill in compliance with Rule C-3(b), or if an unorthodox location is necessary, a request for such spacing must be made as required by Rule C-3(c).

Yours very truly,

OIL & GAS CONSERVATION COMMISSION

FOREST OIL CORPORATION

Denver Club Building, Denver 2, Colorado
July 19, 1957

Mr. Cleon B. Feight
Oil & Gas Conservation Commission
State Capitol Building
Salt Lake City, Utah

Gentlemen:

With reference to your letter of July 15, 1957, concerning the proposed location of Well No. Forest et al Gov't 1-1, which is located 2970 feet from the South line and 990 feet from the East line of Section 1, T. 36 S., R. 4-1/2 W., Garfield County, Utah, we are requesting authorization to locate the well as mentioned above.

Transmitted herewith is a plat showing the exact location. Forest Oil is the owner of all of Section 1 and Section 2, and also the N/2 N/2 S/2 of Section 6.

We are requesting a waiver of the rule permitting the drilling of this well closer than 500 feet to the boundary of a 40 acre location. This request is made due to the mountainous terrain, and also eliminated the cutting of a large amount of government owned forest.

If there is any additional information you desire we will be more than happy to comply.

Very truly yours,

FOREST OIL CORPORATION

C. D. Hanson
Production Superintendent

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Total depth of the above described well was 6242 feet.

With your approval the well was plugged as follows:

6210' - 6148' - 25 sacks regular cement
4330' - 4368' - 25 sacks regular cement
330' - 281' - 40 sacks regular cement

A 10 foot marker was set in the top of the surface pipe.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
